Premier and Championship Grades, Delays.

With the new dates for the re start of Interclub being in the July, August, September period, the following will become a Competition Condition, superseding Rule 17. ; Delays due to weather or light.

"If a round is disrupted by weather and/or a resultant lack of light, the WGI Match Committee Representative in conjunction with the host club, will firstly make every effort to have the round completed. In the event of a round being deemed unable to be completed, or having to be abandoned, any incompleting games within the match will be deemed to be halved. If an entire match is abandoned, each game will be deemed to be halved and the match points shared.

In a 36 hole match the morning foursomes may be deemed halved if this allows the singles matches to be completed"

Additionally in the playoff phase of the Premier grade, after teams finishing 5th and 6th play for the Presidents Salver, there is no longer a match between the loser of this game and the 7th placed finisher. The 7th placed finisher will play a promotion/relegation match if an eligible challenge is received.
